Allowable Subject Matter

1. Claims 1, 4-5, 7, 10-11, 15-19, and 21-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: no prior art has been found to teach, disclose, or fairly suggest a reflective article and a method of making, the article comprising a reflective layer having a thickness of about 20 to about 1,000 nm; in combination with all of the other limitations in claim 1, 19, or 21. The claims are also allowed because the US Patent 7,132,149 of Borst et al. does not teach a haze-prevention layer comprising a plasma-polymerized organosilicone having the recited volume resistivity. Thus, the obviousness-type double patenting rejection has been withdrawn. The examiner is relying on Applicants' arguments on page 11, 2nd paragraph, and in the paragraph bridging pages 14 and 15.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thao T. Tran whose telephone number is 571-272-1080. The examiner can normally be reached on Monday-Friday, from 9:00 a.m. - 5:30 p.m..
